

[The Awareness We Can Take for Granted as Divine Consciousness Comes to the Surface]

© A New Awareness That Has Recently Come to the Surface

When divinity, as the essence of life, revives, karmic thoughts, negative thinking, backward-looking ideas, and the like no longer cross anyone's mind. Specifically, it is as follows.

- ① We no longer know how to grieve.
- ② We no longer know how to be angry.
- ③ We no longer know how to be jealous.
- ④ We no longer know how to act arrogantly.
- ⑤ We no longer know how to hold a grudge.
- ⑥ We no longer know how to hate.
- ⑦ We no longer know how to deceive.
- ⑧ We can no longer remember how to give up.
- ⑨ We can no longer remember how to turn a blind eye.
- ⑩ We can no longer remember how to envy.
- ⑪ We can no longer remember what a sense of inferiority was.
- ⑫ We can no longer remember how to shut ourselves away.
- ⑬ We can no longer remember how to be crushed by despair.
- ⑭ We can no longer remember what lethargy was.
- ⑮ We can no longer think in a way that goes from bad to worse, like rolling a snowball and making it bigger and bigger.
- ⑯ When we think of taking on a new challenge, the idea of running away no longer arises.
- ⑰ Comparing ourselves with others and swinging between joy and sorrow feels very childish, and we no longer feel like doing so.
- ⑱ Love overflows endlessly at all times, our hearts open up, and we can no longer return to self-centeredness.
- ⑲ Because we intuitively realize that the essence of life is one and the same, it becomes difficult to see ourselves and others as separate.
- ⑳ The feelings of dissatisfaction and complaint that once occupied so much of our hearts no longer come out, even if we try to bring them out again.

②① We neither underestimate nor overestimate ourselves, and while embracing things as they are, we can remain ourselves just as we are.

© We Can Return to Our Divine Selves Right Away

When such habits of thought, far removed from divinity, fade from our conscious and subconscious minds, it becomes difficult for us even to continue, or even to recall, the thoughts, words, and deeds of karmic thought habits.

Even if past habits of thought should show their faces, we become able to return to our divine selves right away.

Instead, we are changing so as to manifest on Earth the divinity shared by the cosmic society, and to show the form that all of humanity on Earth should aim for.

Originally, it was natural for us to be deeply loving. It was natural for us to be able to forgive others. Cherishing ourselves and cherishing others was the norm. At long last, the time has come for all of us to remember this together.

We have already come to feel a sense of discomfort in expressing karmic thoughts, words, and deeds in ourselves.

No matter how much we may think, "I have become a fine person," "I have achieved Divine Spark," or "I have attained enlightenment," appearances that are fading away will continue to appear until we die, as long as the vibrations of the earthly world remain as they are now.

Therefore, of course we cannot let our guard down, but we no longer settle comfortably in the waves of karmic thoughts.

So, when such waves appear within us, we can immediately recognize that "this is not my true self," and return them to heaven by seeing them as "appearances that are fading away" and offering the Prayer for World Peace.

In this way, no matter what we see or hear in this world, which is showing the signs of the end times, our hearts can immediately return to the divine world, the original abode of life.

On Saturday night, with such a firm divine consciousness, we will once again become deeply aware of our own divinity and make it a day to radiate light to the world. If your schedule permits, please join us.

Program for the Day

[Opening Remarks]

SAITO: Hello, everyone. We will now begin the Special Program for Saturday night. Today, as mentioned in the announcement email, we, who no longer take karmic thought habits for granted and who can immediately return to the standpoint of divinity even when the remaining appearances that are fading away emerge, will once again become deeply aware of our own divinity and make this a time to radiate light to the world.

Now, to begin, we will offer the Prayer for World Peace in Japanese and English.

1. Prayer for World Peace

SAITO: Now, let's begin.

Sekai Jin-rui ga Heiwa de ari-masu you-ni.

May peace prevail on Earth.

May peace be in our homes and countries.

May our missions be accomplished.

We thank you, Guardian Deities and Guardian Spirits.

2. The Rest of the Program

The content from item 2 onward has not been decided. There will be time for prayer and for forming the IN, but please note that the content will be similar to that of a study session. That's all.
